FSSA reminds PRTF providers of rate changes for 2022

The Indiana Family and Social Services Administration (FSSA) reminds psychiatric residential treatment facility (PRTF) providers that rate changes for calendar year 2022 were effective beginning Jan. 1, 2022.

PRTF providers received rate change letters from Myers and Stauffer indicating the new rate and the effective date. The FSSA urges providers to confirm updates to individual billing systems to reflect the new rates.

Claims billed with updated PRTF rates will be mass adjusted for claims with dates of service (DOS) on or after **Jan. 1, 2022**, through **June 7, 2022**.

Providers should see adjusted claims on Remittance Advices (RAs) beginning Aug. 3, 2022, with internal control numbers (ICNs)/Claim IDs beginning with 52 (mass replacements non-check related).

Claims billed at the previous rate from Jan. 1, 2022, through June 7, 2022, will need to be resubmitted by providers. Instructions for resubmitting claims are listed in the [Claim Adjustments](#) provider reference module, available at in.gov/medicaid/providers. Claims submitted beyond the original 180-day filing limit must include a copy of this publication as an attachment and must be filed within 180 days of the publication date.

Providers can direct any questions or concerns to the Indiana Health Coverage Programs (IHCP) reimbursement mailbox at FSSA.IHCPReimbursement@fssa.IN.gov.

IHCP issues reminder and general guidance to facilitate prior authorization submissions

The Indiana Health Coverage Programs (IHCP) encourages providers to use the [IHCP Provider Healthcare Portal](#) (Portal), accessible from the home page at in.gov/medicaid/providers, to submit fee-for-service (FFS), nonpharmacy prior authorization (PA) requests. However, for providers choosing to fax PA requests or additional documentation for an existing PA request, please note the following suggestions to facilitate PA submissions:

- When submitting a new PA request – Include a completed PA request form.
- System updates – Include the PA number on the documentation and clearly indicate what the action requested, or additional information it is referencing.
- In both cases – Send a clear, legible, copy when possible.

- Missing units
- Missing or invalid signatures as seen in the [Prior Authorization](#) module
