## FSSA announces CMS approval of FSW and CIH Waiver amendments

The Indiana Family and Social Services Administration (FSSA) has received approval from the Centers for Medicare & Medicaid Services (CMS) of amendments to the Community Integration and Habilitation (CIH) Waiver and the Family Supports Waiver (FSW). The approved amendments are effective August 1, 2018.

The approved amendment to the CIH Waiver includes the provision of transitional case management services to facilitate the movement of individuals from segregated institutions (such as nursing facilities) to home and community-based settings.

The approved amendment to FSW includes a 5% increase in the monthly reimbursement rate for case management.

Both approved amendments also include the addition of an annual reimbursement rate for case management services to better facilitate person-centered planning to fully meet CMS requirements.
