Additional updates to ICD-10 codes effective October 1, 2018

Indiana Health Coverage Programs (IHCP) Provider Bulletin [BT201851](#) announced information regarding the 2018 updates to the ICD-10 diagnosis and procedure codes effective for dates of service (DOS) on or after October 1, 2018. In that bulletin, the prenatal care diagnosis codes that will bypass third-party liability edits were listed in Table 8. Three diagnosis codes were inadvertently omitted from the table in error. Table 8 is republished below for ease of reference, listing all relevant prenatal care diagnosis codes added effective October 1, 2018; the three originally omitted codes are bolded for emphasis.
