FSSA to implement new IHCP provider enrollment and credentialing solution July 1, 2019

The Indiana Family and Social Services Administration (FSSA) will implement the new provider enrollment and credentialing solution – FSSA EnCred – for Indiana Health Coverage Programs (IHCP) providers on July 1, 2019. FSSA EnCred (EnCred) is a solution that encompasses both the IHCP provider enrollment process and the credentialing process. The credentialing process is currently conducted separately by each of the IHCP managed care entities. Accordingly, EnCred will offer a streamlined approach for providers to participate with the IHCP.

Providers will use the IHCP Provider Healthcare Portal to access EnCred to submit new applications for enrollment and credentialing, to update Provider Profile information, and to revalidate and recredential existing enrollments. Further information about the new EnCred solution and the transition process and timeline will be shared in upcoming EnCred bulletins.

General questions about EnCred should be directed via email to FSSA.EnCred@fssa.in.gov.
