IHCP clarifies effective dates for Presumptive Eligibility Adult copayments

The Indiana Health Coverage Programs (IHCP) announced in *IHCP Bulletin* [BT201961](#), that beginning November 27, 2019, IHCP members enrolled in the Presumptive Eligibility Adult (PE Adult) benefit plan would have copayments for drugs (preferred and nonpreferred) under the fee-for-service (FFS) delivery system.

The November 27 effective date for *drug* copayments was incorrect. The correct effective date for *drug* copayments was announced in [BT201952](#), and is **November 1, 2019**.

Additionally, copayments for other services provided to PE Adult members announced in *BT201961* will not be effective November 27, 2019. That date is being delayed to **December 31, 2019**.

For more information about copayments that will be required of PE Adult members, refer to *BT201961*.
