Correction made to lifetime cap in A&D and TBI waiver services

The Indiana Family and Social Services Administration (FSSA) received approval from the Centers for Medicare & Medicaid Services (CMS) for a rate increase and methodology change for services provided under the Division of Aging (DA) Aged and Disabled (A&D) and Traumatic Brain Injury (TBI) waivers.

Changes to rates were provided in detail in *Indiana Health Coverage Programs (IHCP) Bulletin [BT202006](#)*. The changes are effective for dates of service on or after **February 1, 2020**.

Due to a typographical error in *BT202006*, the rates for home modifications (formerly environmental modifications) did not reflect the new rates for lifetime limit. A lifetime cap of \$20,000 is available for home modifications – installation (procedure code and modifier S5165 U7 NU). However, the cap on any single project is \$15,000.
