IHCP corrects rate reduction error on outpatient reimbursement

Effective August 1, 2020, as announced in *Indiana Health Coverage Programs (IHCP) Bulletin BT202079*, the IHCP will be removing codes linked to revenue codes 636 and 274 from being eligible for Hospital Assessment Fee (HAF) adjustments. Due to a system error, claims that are billed after August 1, 2020, with procedure codes linked to revenue codes 636 and 274 will be subject to a 3% rate reduction until the system is fixed. The IHCP will be working to correct this error and will be reprocessing claims affected after a solution has been implemented. The IHCP will notify providers when the system error is corrected.
