INDIANA HEALTH COVERAGE PROGRAMS BT202230 APRIL 21, 2022

IHCP updates reimbursement policy regarding aducanumab (Aduhelm) coverage

The Centers for Medicare & Medicaid (CMS) has announced its final national coverage determination (NCD) policy regarding Food and Drug Administration (FDA)-approved monoclonal antibodies directed against amyloid for the treatment of Alzheimer's disease. Refer to the [Medicare Coverage Policy for Monoclonal Antibodies Directed Against Amyloid for the Treatment of Alzheimer's Disease Fact Sheet](#), published April 7, 2022.

As a result, the Indiana Health Coverage Programs (IHCP) announces a revision to its reimbursement policy regarding aducanumab (Aduhelm), the only FDA-approved monoclonal antibody drug directed against amyloid for the treatment of Alzheimer's disease. Effective for claims with dates of service on or after **April 7, 2022**, the IHCP will **not** reimburse claims for procedure code J0172 – *Injection, aducanumab-avwa, 2 mg* for Medicare eligible members with full Medicaid benefits.

Aducanumab (Aduhelm) reimbursement policy pertaining to IHCP-enrolled members with physician-administered drug coverage, but **who are not** eligible for Medicare, will remain unchanged as outlined in *IHCP Bulletin* [BT202113](#).

As a reminder, aducanumab (Aduhelm) prior authorization (PA) requests and claims can only be processed through the member's medical benefit, not through the member's pharmacy benefit.

If you have questions about this publication or about fee-for-service (FFS) PA or medical claims, contact Gainwell Technologies at 800-457-4584. Questions regarding PA or medical claims for members in the Healthy Indiana Plan (HIP), Hoosier Care Connect and Hoosier Healthwise should be referred to the managed care entity (MCE) with which the member is enrolled.
