INDIANA HEALTH COVERAGE PROGRAMS BT202250 JUNE 30, 2022

Reimagining training materials for provider readiness in the transition to MLTSS

The Office of Medicaid Policy and Planning (OMPP) is reevaluating its training for provider readiness in the transition to managed long-term services and supports (MLTSS).

The OMPP conducted its first round of provider engagement readiness training for transition to MLTSS. The final training session was held June 28, 2022. The OMPP appreciates all the providers that participated in the readiness training and viewed the recordings. Based on conversations with providers, the OMPP is reevaluating the content of upcoming MLTSS provider readiness education sessions to make it more useful to providers.

The July and August trainings as presented in *Indiana Health Coverage Programs (IHCP) Bulletins* [BT202220](#) and [BT202234](#) are being canceled to allow the OMPP time to prepare material that meets the needs of providers. New training dates are being planned for September 2022. The new dates will be published in a future bulletin. Please be sure to attend.
