

INDIANA HEALTH COVERAGE PROGRAMS

PROVIDER CODE TABLES

Telemedicine Services Codes

*Note: Due to possible changes in Indiana Health Coverage Programs (IHCP) policy or national coding updates, inclusion of a code on the code tables does not necessarily indicate **current** coverage. See [IHCP Banner Pages and Bulletins](#) and the [IHCP Fee Schedules](#) for updates to coding, coverage, and benefit information.*

For information about using these code tables, see the [Telemedicine and Telehealth Services](#) provider reference module.

Effective March 1, 2020, and through the duration of the Governor’s [Declaration of Public Health Emergency for Coronavirus Disease 2019 Outbreak](#), providers may use the guidance from IHCP Bulletin [BT202022](#) – as clarified in [BT202034](#), [BT202037](#), and any subsequent IHCP communications on this topic – for services provided through telemedicine, including valid services not listed in the table below.

However, when billing for services that **are** listed in the table below and that were rendered in accordance with the **existing** IHCP telemedicine policy, providers should continue to follow the billing guidance provided in the [Telemedicine and Telehealth Services](#) provider reference module.
