To: All Providers

Subject: National Provider Identifier Mandate

Overview

Since the National Provider Identifier (NPI) mandate was implemented May 23, 2008, the provider community has made great strides in adjusting to the new provider identification submission rules. Effective October 1, 2009, only NPI will be accepted for healthcare providers. This will alleviate resubmission of denied claims for NPI edits and allow more timely claim payments. This includes claims submitted on paper claim forms, through Web interChange, or through electronic data interchange (EDI).

Nonhealthcare, atypical providers, including all Home and Community-Based Services (HCBS) waiver providers, will continue to submit their Legacy Provider Identifier (LPI) numbers.

All healthcare providers must report their NPIs on all claims and establish a one-to-one match with the billing provider office location, or the claim will be rejected.

Three data elements are used for the standard NPI crosswalk:

- Billing provider NPI
- Billing provider taxonomy code
- Billing provider office location ZIP Code + 4 on file in IndianaAIM

Paper Claim Submission

Figure 1 shows a portion of the UB-04 claim form with the affected form fields circled. Table 1 lists the affected fields and describes the requirements for completing the fields after September 30, 2009.
**Figure 1 – LPI/NPI Fields on the Institutional UB-04 Claim Form**

**Table 1 – UB-04 Fields and Descriptions**

<table>
<thead>
<tr>
<th>UB-04 Fields</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Field 56</td>
<td>NPI – Enter the 10-digit NPI for the billing provider. The billing physician’s taxonomy should be entered in field 81CCa. <strong>Required for healthcare providers.</strong></td>
</tr>
<tr>
<td>Field 57A</td>
<td>Effective October 1, 2009, healthcare providers will no longer enter the LPI in this field.</td>
</tr>
<tr>
<td>Field 57C</td>
<td><strong>Other Provider ID</strong> – Atypical providers enter the LPI for the billing provider. The LPI includes nine numeric characters and one alpha character for the service location.</td>
</tr>
<tr>
<td>Field 76</td>
<td><strong>Attending Physician ID</strong> – Enter the attending physician’s 10-digit numeric NPI. The attending physician’s taxonomy should be entered in field 81CCb. <strong>Required for inpatient, outpatient, ambulatory surgical center (ASC), and long-term care (LTC).</strong></td>
</tr>
<tr>
<td>Field 77</td>
<td><strong>Operating Physician ID</strong> – Enter the operating physician’s 10-digit numeric NPI. <strong>Required for inpatient.</strong></td>
</tr>
<tr>
<td>Field 78</td>
<td><strong>Other</strong> – Enter other physician’s (referring/primary medical provider – PMP) 10-digit numeric NPI. <strong>Required for Indiana Health Coverage Programs (IHCP) members enrolled in Care Select.</strong></td>
</tr>
</tbody>
</table>
| Field 81CCa, b    | **Additional Codes** – Enter B3 taxonomy qualifier and corresponding 10-digit alphanumeric taxonomy code. **Taxonomy may be needed to establish a one-to-one NPI/LPI match if the provider has multiple locations.**

81CCa – first box B3 qualifier, second box taxonomy code for billing provider from field 56

81CCb – first box B3 qualifier, second box taxonomy code for attending provider from field 76
Atypical providers must continue billing with the LPI. **The IHCP encourages all waiver providers who have both an NPI and LPI to bill using only the LPI.** Waiver providers who choose to bill with an NPI associated with multiple LPIs must ensure that a taxonomy code is not indicated on the claim.

**Note:** If the taxonomy code is included on a waiver claim, payment may be made to the wrong service provider.

*Example:* An entity performs both waiver and Medicaid home health services. Both providers use the same NPI for billing and have the same ZIP Code. When submitting claims, the home health provider must bill using the NPI and the taxonomy code. The waiver provider must bill using the NPI without the taxonomy code. If the waiver claim is billed with the NPI and a taxonomy code, payment will be sent to the home health provider.

**Billing and Rendering Provider Numbers**

The following are the four provider classifications:

1. **Billing** – A practitioner or facility operating under a unique taxpayer identification number (TIN). The TIN may be the practitioner’s Social Security number (SSN) or a Federal Employer Identification Number (FEIN), but a sole proprietor’s TIN may not be shared or used by any other practitioner, group, or facility.

2. **Group** – Any practice with one or more practitioners (rendering providers) sharing a common TIN. A group may be a corporation or partnership, or any other legally defined business entity. The group must have members linked to the business, and these members are identified as rendering (the person performing the service) providers.

3. **Rendering** – The provider that performs the services. Reimbursement for these services is paid to the group and reported on the group’s TIN.

4. **Dual** – A provider that is a billing and rendering provider. The provider is enrolled as a billing provider at one or more locations, and is also a member of a group or groups at one or more locations.

It is imperative that healthcare providers enter only the NPI in field 33a on the CMS-1500. Placement of more than one NPI in this field could result in reimbursement of the claim to the wrong provider.

**Note:** Atypical providers (nonmedical service providers) will continue to bill using the LPI in field 33b with the 1D qualifier.
Figure 2 shows a portion of the CMS-1500 claim form. The fields affected by this change and the requirements for completing the fields after September 30, 2009, are listed in Table 2.

<table>
<thead>
<tr>
<th>CMS-1500 Form Locator</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>17a</td>
<td>ID Number of Referring Provider, Ordering Provider, or Other Source – Enter the qualifier in the first shaded box of 17a, indicating what the number reported in the second shaded box of 17a represents. Atypical providers should report the IHCP LPI provider number in the second box of 17a. Healthcare providers should report the taxonomy code in the second box of 17a. <strong>The qualifier is required when entering the IHCP LPI provider number or taxonomy.</strong> Qualifiers to report to IHCP: <strong>1D</strong> is the qualifier that applies to the IHCP provider number, also called the LPI for the atypical nonhealthcare provider. The LPI includes nine numeric characters and one alpha character for the service location. <strong>ZZ</strong> is the qualifier that applies to the provider taxonomy code. The taxonomy code includes 10 alphanumeric characters. Taxonomy may be needed to establish a one-to-one NPI/LPI match if the provider has multiple locations. <strong>Required when applicable and for any waiver-related services.</strong></td>
</tr>
<tr>
<td>17b</td>
<td>NPI – Enter the 10-digit numeric NPI of the referring provider, ordering provider, or other source. <strong>Required when applicable and for Care Select PMPs.</strong></td>
</tr>
</tbody>
</table>
The qualifier, indicating what the number reported in the shaded area of 241 represents – 1D for IHCP LPI rendering provider number or ZZ for rendering provider taxonomy code. 1D is the qualifier that applies to the IHCP provider number (LPI) for atypical nonhealthcare providers. The LPI includes nine numeric characters. Atypical providers (for example, certain transportation and waiver service providers) are required to submit their LPIs.

**Taxonomy** – Enter the taxonomy code of the rendering provider. Taxonomy may be needed to establish a one-to-one NPI/LPI match if the provider has multiple locations.

24J Bottom Half

**Rendering Provider NPI** – Enter the NPI of the rendering provider. Required if applicable.

33

**Billing Provider Info & Ph#** – Enter the billing provider office location name, address, and the ZIP Code + 4. **Required.**

*Note:* If the U.S. Postal Service provides an expanded ZIP Code (ZIP Code + 4) for a geographic area, this expanded ZIP Code must be entered on the claim form.

33a

**Billing Provider NPI** – Enter the billing provider NPI. **Required.**

33b

**Billing Provider Qualifier and ID Number** – Healthcare providers may enter a billing provider qualifier of ZZ and taxonomy code. Taxonomy may be needed to establish a one-to-one NPI/LPI match if the provider has multiple locations.

If the billing provider is an atypical provider, enter the qualifier 1D and the LPI. **Required.**

*Note:* Qualifiers are ZZ = Taxonomy and 1D = LPI.

Figure 3 shows a portion of the American Dental Association (ADA) dental claim form. The fields affected by this change and the requirements for completing the fields after September 30, 2009, are listed in Table 3.
### Table 3 – ADA Claim Form Fields and Description

<table>
<thead>
<tr>
<th>ADA Claim Form Fields</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>48</td>
<td><strong>Name, Address, City, State, ZIP Code + 4</strong> – Enter the billing provider office location name, address, city, state, and nine-digit ZIP Code. <strong>Required.</strong></td>
</tr>
<tr>
<td>49</td>
<td><strong>NPI</strong> – Enter the 10-digit numeric NPI of the billing or group provider. <strong>Required.</strong></td>
</tr>
<tr>
<td>50</td>
<td><strong>License Number</strong> – Effective October 1, 2009, healthcare providers will no longer enter the LPI in this field.</td>
</tr>
<tr>
<td>52A</td>
<td><strong>Additional Provider ID</strong> – Enter the taxonomy code for the billing provider NPI. Taxonomy may be needed to establish a one-to-one NPI/LPI match if the provider has multiple locations</td>
</tr>
<tr>
<td>54</td>
<td><strong>NPI</strong> – Enter the rendering provider NPI. <strong>Required.</strong></td>
</tr>
<tr>
<td>56A</td>
<td><strong>Provider Specialty Code</strong> – Enter the rendering provider taxonomy code for the NPI. Taxonomy may be needed to establish a one-to-one NPI/LPI match if the provider has multiple locations.</td>
</tr>
<tr>
<td>58</td>
<td><strong>Additional Provider ID</strong> – Effective October 1, 2009, healthcare providers will no longer enter the LPI in this field.</td>
</tr>
</tbody>
</table>

### Web interChange or Electronic Claims Submission

The following screen prints are examples of the Web interChange Claim Submission window beginning October 1, 2009.

*Note: On Web interChange, the NPI and/or LPI for the Billing Provider field on claims and the provider field on the inquiry screens will be prepopulated with the NPIs and/or LPIs to which the Web interChange user ID is linked.*

**Claim Submission – NPI Only**

The billing provider NPI field will be prepopulated with the NPIs to which the user ID is linked.

*Note: Although a medical claim type is displayed in the following examples, the highlighted changes apply to all claim types.*
Figure 4 – User Associated with at Least One Healthcare Billing Provider and No Atypical Billing Provider
Claim Submission – LPI Only

The Billing Provider LPI field will be prepopulated with the LPI linked to the user ID.

Figure 5 – User Associated Only with Atypical Billing Providers
Figure 6 – User Associated with Both Healthcare and Atypical Billing Providers
**Prior Authorization Submission – NPI Only**

The following screen prints are examples of the Web interChange Prior Authorization Submission window beginning October 1, 2009.

Figure 7 – User Associated with at Least One Healthcare Provider and No Atypical Provider
Electronic Data Interchange – EDI

Biller Summary Report NPI Errors

Providers who submit batch claims electronically receive a Biller Summary Report (BSR) that displays the results of pre-adjudication edits. When the billing provider NPI crosswalk data elements received on the electronic transaction do not achieve a one-to-one match, BSR rejection errors are displayed. Claims that receive the following BSR errors are not accepted for processing.

Table 4 – Biller Summary Report Error Descriptions

<table>
<thead>
<tr>
<th>BSR Error</th>
<th>Description</th>
<th>Cause</th>
<th>Resolution</th>
</tr>
</thead>
<tbody>
<tr>
<td>258</td>
<td>Billing NPI Tied to Multiple LPIs</td>
<td>The billing NPI is reported to multiple LPIs and a one-to-one match with the billing provider office location cannot be established.</td>
<td>Submit the billing provider ZIP Code + 4 and/or taxonomy code on file to identify the billing provider office location.</td>
</tr>
<tr>
<td>259</td>
<td>Billing NPI Not Tied to an LPI</td>
<td>The billing provider NPI has not been reported to the IHCP.</td>
<td>The NPI must be reported to the IHCP via the NPI Online Reporting Tool accessible at <a href="http://www.indianamedicaid.com/ihcp/index.asp">http://www.indianamedicaid.com/ihcp/index.asp</a>.</td>
</tr>
</tbody>
</table>
Note: There are multiple reasons for error code 259.

The billing NPI was not correctly reported to the IHCP.

Providers should contact the Medicaid Field Consultant for assistance. Locate your field consultant at http://provider.indianamedicaid.com/contact-us/provider-relations-field-consultants.aspx.

The billing NPI, ZIP Code + 4 and/or taxonomy code submitted does not cross walk to a billing provider in IndianaAIM.

Submit the proper billing provider ZIP Code + 4 and/or taxonomy code on file to identify the billing provider office location.

260 Billing NPI Must Be Submitted

The billing NPI was not submitted on the transaction.

Submit the billing provider NPI on the claim.

Effective October 1, 2009, the following claims adjudication edits will no longer apply. Claims that previously posted the 1100 series edits below will now reject for Biller Summary Report NPI Errors 258, 259, or 260.

- 1100 – Billing NPI Not Reported to a Legacy Provider Identifier
- 1101 – Billing NPI Is Reported to Multiple Legacy Provider Identifiers
- 1102 – Billing NPI Must Be Submitted
- 1107 – Billing LPI Obtained in the NPI Crosswalk Conflicts with the LPI Submitted
- 1108 – Billing NPI Has No Matching LPI
- 1109 – Billing NPI Information Submitted Is Reported to Multiple LPIs

NPI – Most Common Claim Denials

The following are the most common claim denials related to the NPI and an avenue of resolution for each edit. It is imperative that providers review claims for these explanations of benefits (EOBs) and take the actions necessary to resolve the NPI issue to avoid future denials.

Only atypical providers, those ineligible to receive an NPI, are exempt from the NPI submission mandate.

<table>
