National Drug Codes Deleted from the Medicaid Drug Rebate Master File

The CMS has determined that the products in Table 4 do not meet the definition of a covered outpatient drug. CMS is therefore deleting the National Drug Code (NDC) from the Medicaid Drug Rebate (MDR) master file as of the effective dates in Table 4. As a result of this determination by CMS, these NDCs will not be reimbursable in the Indiana Medicaid fee-for-service pharmacy program.
