Pharmacy Benefit To Be “Carved Out” from Managed Care Organizations and Returned to Fee-for-Service

As of July 1, 2009, the Office of Medicaid Policy and Planning (OMPP) will remove administration of the pharmacy benefit from the managed care organizations (MCOs) and return it to the fee-for-service (FFS) program. This means that all risk-based managed care pharmacy claims currently processed by Anthem, MDwise, or Managed Health Services will be processed by EDS, the FFS pharmacy claims processor. Detailed information will be provided in subsequent banner pages and bulletins.

Care Select Primary Medical Providers’ 2008 Remittance Advices

The summary page of the 2008 Remittance Advices (RAs) for *Care Select* primary medical providers (PMPs) shows incorrect subtotals. The subtotal amounts appearing as “Net Payment” and “Net Earnings” are incorrect for the “Year to Date Amount” column. The individual line items are correctly reported; however, the “Year to Date Amount” subtotals include the amount for “Managed Care Administrative Payments” twice. This affects the “Year to Date” subtotals only for “Net Payment” and “Net Earnings” (the “Current Amount” subtotals are not affected).
