INDIANA HEALTH COVERAGE PROGRAMS

BR201047

NOVEMBER 23, 2010

The IHCP needs your help to determine Indiana's healthcare technology needs

Help the Office of Medicaid Policy and Planning (OMPP) plan the implementation of electronic health records (EHR) in Indiana.

The Indiana OMPP is currently participating in planning activities to create and implement the Centers for Medicare & Medicaid Services (CMS) EHR incentive payment program. The Medicaid EHR incentive program will provide incentive payments to eligible providers and hospitals for efforts to adopt, implement, upgrade, or meaningfully use certified EHR technology.

To better estimate our eligible population of providers and hospitals, Indiana Medicaid is asking that you complete the survey linked below. The information you provide will not be reported individually and will not be considered a commitment of any kind. Your answers will be combined with those of other providers to obtain an understanding of the overall healthcare technology needs of Indiana. The OMPP will report aggregated data to CMS. Your response will not automatically qualify you for incentive funds.

- [Hospitals – EHR Survey](#)
- [Providers – EHR Survey](#)

Thank you for participating in this process. The information you provide is essential to bringing federal funding for EHR technology to our state. Any question about the survey can be sent to the [Family and Social Services Administration](#).

QUESTIONS?

If you have questions about the articles published in this banner page, please contact Customer Assistance at (317) 655-3240 in the Indianapolis local area or toll-free at 1-800-577-1278.
