IHCP to begin applying NCCI code auditing methodology

Provider bulletin [BT201036](#), dated September 7, 2010, announced the upcoming implementation of the National Correct Coding Initiative (NCCI) code auditing methodology for the Indiana Health Coverage Programs (IHCP). On January 27, 2011, the IHCP will begin applying correct coding methodology to claims with dates of service (DOS) on or after October 1, 2010, as directed by the Centers for Medicare & Medicaid Services. Beginning the week of March 21, 2011, the IHCP will initiate a mass adjustment for CMS-1500 claims with DOS on or after October 1, 2010. As a reminder, banner page [BR201043](#), dated October 26, 2010, provided clarification regarding the application of the NCCI code auditing methodology to **claims with DOS on or after October 1, 2010**, rather than claims received on or after October 1, 2010, as was originally stated in BT201036.
