Special consideration for Edit 4181

Providers are experiencing claim denials for Edit 4181 – *Service denied due to a National Correct Coding (NCCI) edit.*

There have been reported instances of claim denials for Edit 4181 when more than one claim is billed using the same BILLING National Provider Identifier (NPI) and different RENDERING NPIs for the same date of service. Claims billed separately with this detail will deny for Edit 4181, unless providers request that the claims be special-batched for processing.

Claims must be special-batched by your provider field consultant or the HP Written Correspondence Unit. You should contact your field consultant for clarification or submit a request for special batching to the HP Written Correspondence Unit by sending the hard copy CMS-1500 paper claim form and a copy of this banner page to the following address:

HP Written Correspondence
P. O. Box 7263
Indianapolis, IN 46207-7263

The Indiana Health Coverage Programs (IHCP) encourages providers to go to the [CMS Web site](http://cms.gov) (cms.gov) to review NCCI coding policies.
