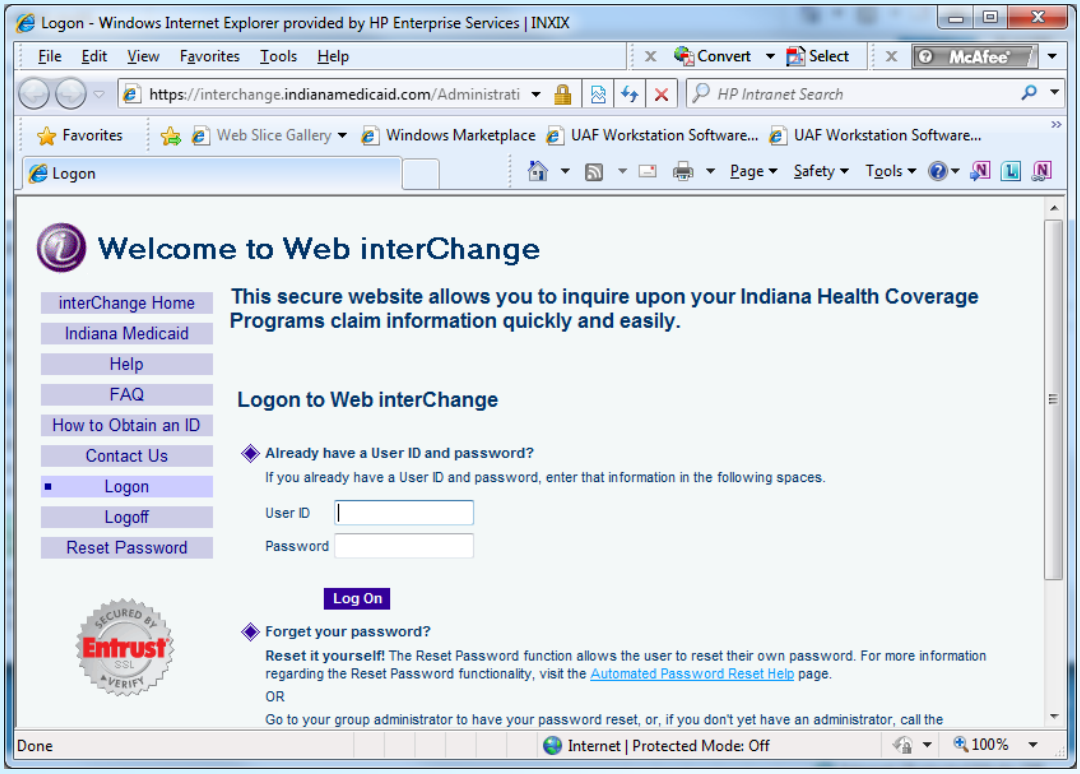
INDIANA HEALTH COVERAGE PROGRAMS BR201243 OCTOBER 23, 2012



*Beginning November 1, 2012, the Indiana Health Coverage Programs' (IHCP's) Web interChange website will be upgraded to support multiple browsers – Internet Explorer, Firefox, and Chrome.*

## Web interChange to support multiple internet browsers beginning in November

Beginning November 1, 2012, the Indiana Health Coverage Programs' (IHCP's) Web interChange website will be upgraded to support multiple internet browsers. The recommended browsers for Web interChange are Internet Explorer, Firefox, and Chrome.

After this upgrade, the most recent versions of Internet Explorer (version 7 and later), Firefox, or Chrome are recommended to view the Web interChange site. Other browsers may **appear** to function properly but are not recommended, because some pages may not work correctly.

Please consider changing to one of the recommended browsers and make sure you are using its most recent version. To download the most recent version of these browsers, go to the Web Toolkit page on indianamedicaid.com.

If you have questions regarding Web interChange, call the HP EDI Solutions help desk at (317) 488-5160 or toll-free at 877-877-5182, and select option #2, or email the help desk at INXIXElectronicSolution@hp.com.

**MORE IN THIS ISSUE**

- CPT code 92540
- Correction of revenue code linkage for HCPCS code A9503
- Do not send fingerprint samples with your provider enrollment packet
- Use the current version of provider enrollment forms

## CPT code 92540 linked to provider specialty type 200 – Audiologists

Effective for dates of service on or after January 1, 2013, Current Procedural Terminology (CPT®[1]) code 92540 – *Vestibular Evaluation includes spontaneous nystagmus test with eccentric gaze fixation nystagmus, with recording, optokinetic nystagmus, bidirectional foveal and periphera)* will be linked to provider specialty type 200 – Audiologists. For reimbursement, providers must bill the procedure code and the revenue code together for dates of service on or after January 1, 2013. The provider code sets on indianamedicaid.com will be updated to reflect this provider type and procedure code linkage.

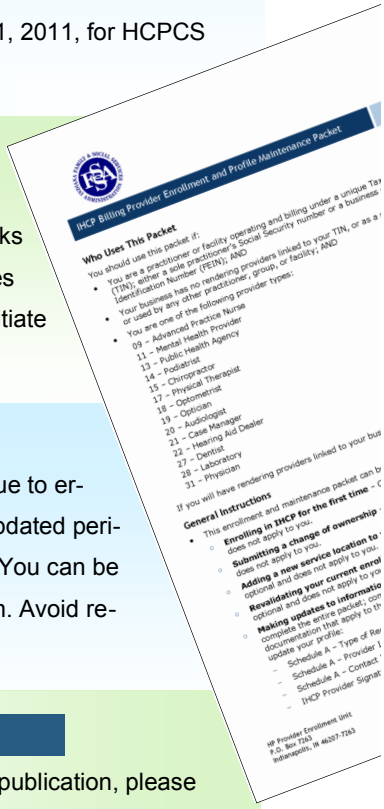
## Correction of revenue code linkage for HCPCS code A9503

As published in banner page BR201136, dated September 6, 2011, the Healthcare Common Procedure Coding System (HCPCS) code A9503 – *Technetium, Tc-99m medronate, diagnostic, per study dose, up to 30 millicuries* was to be linked to revenue code 343 – *Diagnostic radiopharmaceuticals* for dates of service on or after November 1, 2011. Due to a systems error, this linkage was not made.

The Indiana Health Coverage Programs (IHCP) has corrected the mistake. Providers that received denials for error code 520 – *Invalid revenue code/procedure code combination* for dates of service on or after November 1, 2011, for HCPCS code A9503 with revenue code 343 may resubmit their claims for reimbursement consideration.

## Do not send fingerprint samples with your provider enrollment packet

The Indiana Health Coverage Programs (IHCP) has not yet incorporated criminal background checks into its provider enrollment process. At this time, providers do not need to submit fingerprint samples with their enrollment packets. The IHCP will provide information to affected entities about how to initiate fingerprinting and criminal background checks at a later date.



IHCP Billing Provider Enrollment and Profile Maintenance Packet

Who Uses This Packet

You should use this packet if:

## Please use current versions of provider enrollment forms

Ten percent of all provider enrollment and maintenance forms submitted are returned to providers due to errors. One common error is using outdated versions of enrollment forms. The enrollment forms are updated periodically and are available on the Complete an IHCP Provider Packet page at indianamedicaid.com. You can be certain you are using the most current version of a form by downloading it from indianamedicaid.com. Avoid reusing previously saved versions of the enrollment forms, which may be outdated.

### QUESTIONS?

If you have questions about this publication, please contact Customer Assistance at (317) 655-3240 in the Indianapolis local area or toll-free at 1-800-577-1278.
