## Claims processing of podiatry audit 6090 updated

Podiatrists are reminded that, per 405 IAC 5-26-7, reimbursement is limited to one office visit per 12 months per recipient; additional visits may be billed only if a significant additional problem is addressed. Effective February 15, 2014, the Indiana Health Coverage Programs (IHCP) will update audit 6090 – *Office visits limited to one per year – podiatrists* so that prior authorization will no longer allow claims to override the audit. Instead, claims triggering this audit will suspend for medical review. During the medical review process, providers may be asked to submit documentation of medical necessity and proof of a significantly different diagnosis. Please see [Chapter 6](#) of the *IHCP Provider Manual* for prior authorization requirements related to podiatry services.

## Corrected mailing address for pharmacy paper claims and adjustments
