INDIANA HEALTH COVERAGE PROGRAMS

BR201418

MAY 6, 2014

IHCP will no longer cover HCPCS code Q4145

Effective July 1, 2014, the Indiana Health Coverage Programs (IHCP) will no longer cover Healthcare Common Procedure Coding System (HCPCS) code Q4145 – *Epifix, Injectable, 1mg*. This change applies to all IHCP programs for dates of service (DOS) on or after July 1, 2014. Claims with DOS before July 1, 2014, will be unaffected.

The provider [Fee Schedule](#) at indianamedicaid.com will be updated during the next regularly scheduled monthly update to reflect this coverage information.

Covered pathology and laboratory codes updated

The following Current Procedural Terminology (CPT^{®1}) codes are covered by the Indiana Health Coverage Programs (IHCP) for dates of service on or after July 1, 2013.

- CPT code 81020 – *Urinalysis; 2 or 3 glass test*
- CPT code 84449 – *Transcortin (cortisol binding globulin)*

These codes were erroneously end-dated in the claims processing system, resulting in inappropriate claim denials.

Beginning July 1, 2014, providers may resubmit affected claims for reimbursement consideration. Claims beyond the one-year filing limit must include a copy of this banner page as an attachment to the claim. This directive applies to fee-for-service claims only.

The provider [Fee Schedule](#) will be updated at indianamedicaid.com during the next regularly scheduled monthly update to reflect this correction.

Vaccine age ranges updated in claims processing system

Effective June 6, 2014, the Indiana Health Coverage Programs (IHCP) will update the age limitations in the claims processing system for the three vaccines listed in Table 1. This update will bring the vaccine age restrictions in line with the code descriptions, vaccine licensures, and IHCP policy. This update will affect claims with dates of service on or after June 6, 2014. The Current Procedural Terminology (CPT) codes, code descriptions, and age limitations for coverage and reimbursement are summarized in Table 1.

Table 1 – CPT codes for which claims processing age range restrictions will be updated for dates of service on or after June 6, 2014

Procedure Code	Code Description	Updated Age Range in System	Coverage Range
90655	Influenza virus vaccine, trivalent, split virus, preservative free, when administered to children 6-35 months of age, for intramuscular use	6-35 months	6 months 0 days through 35 months 29 days
90657	Influenza virus vaccine, trivalent, split virus, when administered to children 6-35 months of age, for intramuscular use	6-35 months	6 months 0 days through 35 months 29 days
90700	Diphtheria, tetanus toxoids, and acellular pertussis vaccine (DTaP), when administered to individuals younger than 7 years, for intramuscular use	0-6 years	0 years through 6 years 364 days

Pricing updated for certain manually priced codes

Effective July 1, 2014, the Indiana Health Coverage Programs (IHCP) is updating the pricing for the Current Procedural Terminology (CPT) and Healthcare Common Procedure Coding System (HCPCS) codes listed in Table 2. The pricing for these procedure codes is changing from manual pricing to maximum fee pricing. The IHCP will adopt Medicare's maximum fee rate for the listed codes for dates of service on or after July 1, 2014.

The provider [Fee Schedule](#) at indianamedicaid.com will be updated during the next regularly scheduled monthly update to reflect this pricing change.

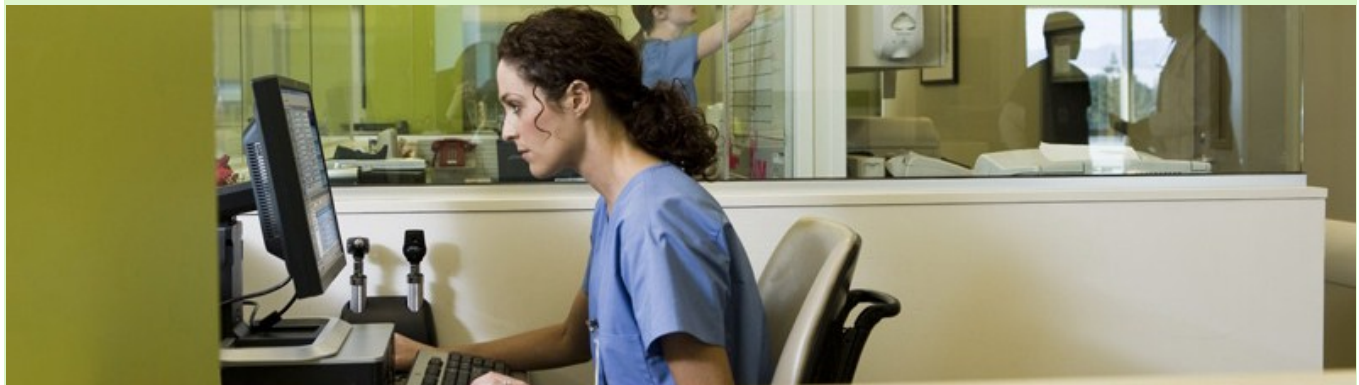

Table 2 – CPT and HCPCS codes updated from manual pricing to maximum fee pricing for dates of service on or after July 1, 2014

Procedure Code	Description
81211	BRCA1, BRCA2 (breast cancer 1 and 2) (eg, hereditary breast and ovarian cancer) gene analysis; full sequence analysis and common duplication/deletion variants in BRCA1 (ie, exon 13 del 3.835kb, exon 13 dup 6kb, exon 14-20 del 26kb, exon 22 del 510bp, exon 8-9 del 7.1kb)

continued

Table 2 – CPT and HCPCS codes updated from manual pricing to maximum fee pricing for dates of service on or after July 1, 2014 (Continued)

Procedure Code	Description
81212	BRCA1, BRCA2 (breast cancer 1 and 2) (eg, hereditary breast and ovarian cancer) gene analysis; 185delAG, 5385insC, 6174delT variants
81213	BRCA1, BRCA2 (breast cancer 1 and 2) (eg, hereditary breast and ovarian cancer) gene analysis; uncommon duplication/deletion variants
81214	BRCA1 (breast cancer 1) (eg, hereditary breast and ovarian cancer) gene analysis; full sequence analysis and common duplication/deletion variants (ie, exon 13 del 3.835kb, exon 13 dup 6kb, exon 14-20 del 26kb, exon 22 del 510bp, exon 8-9 del 7.1kb)
81215	BRCA1 (breast cancer 1) (eg, hereditary breast and ovarian cancer) gene analysis; known familial variant
81217	BRCA2 (breast cancer 2) (eg, hereditary breast and ovarian cancer) gene analysis; known familial variant
81235	EGFR (epidermal growth factor receptor) (eg, non-small cell lung cancer) gene analysis; common variants (eg, exon 19 LREA deletion, L858R, T790M, G719A, G719S, L861Q)
81321	PTEN (phosphatase and tensin homolog) (eg, Cowden syndrome, PTEN hamartoma tumor syndrome) gene analysis; full sequence analysis
81322	PTEN (phosphatase and tensin homolog) (eg, Cowden syndrome, PTEN hamartoma tumor syndrome) gene analysis; known familial variant
81323	PTEN (phosphatase and tensin homolog) (eg, Cowden syndrome, PTEN hamartoma tumor syndrome) gene analysis; duplication/deletion variant
L3031	Foot, insert/plate, removable, addition to lower extremity orthotic, high strength, lightweight material, all hybrid lamination/prepreg composite, each
L6715	Terminal device, multiple articulating digit, includes motor(s), initial issue or replacement
L6880	Electric hand, switch or myoelectric controlled, independently articulating digits, any grasp pattern or combination of grasp patterns, includes motor(s)
L7181	Electronic elbow, microprocessor simultaneous control of elbow and terminal device

Register now for second-quarter IHCP provider workshops

The Indiana Health Coverage Programs (IHCP) will offer one-day educational workshops to providers on the dates and at the locations shown in [Table 3](#). Each workshop will include the following sessions:

- **Research and Resolve Professional Claim Denials (8 a.m. - 8:50 a.m.):** Providers learn how to research professional claims on Web interChange. Participants learn about denials, how to determine their resolution, and how to rebill the claims.
- **IHCP Updates (9 a.m. - 9:50 a.m.):** This presentation reviews current and future updates and changes to the IHCP.
- **Updates to Presumptive Eligibility for Pregnant Women (PEPW) and Notification of Pregnancy (NOP) (10 a.m. - 11 a.m.):** This session outlines changes to the PEPW program. When providers leave this session, they will be equipped to help women apply for the PEPW program. This session also covers recent updates to the NOP form.
- **Second-Quarter IHCP Indiana Care Select – Primary Medical Provider Support and Tools (11:10 a.m. - noon):** Representatives of ADVANTAGE Health SolutionsSM provide an overview of *Care Select*, including information and tools to assist primary medical providers (PMPs) with developmental and behavioral health screening. Topics include:
 - *Care Select* overview, including member eligibility, prior authorization, provider enrollment, and member program referrals
 - Birth to 5: Watch Me Thrive! – An overview of the tools and resources available to PMPs to assist in proper screening; sponsored by the U.S. Department of Health and Human Services and the U.S. Department of Education
- **MDwise: Working with Difficult Patients and Other Updates (1:00 p.m. - 1:45 p.m.):** This MDwise session provides important information for MDwise *Care Select*, Hoosier Healthwise, and Healthy Indiana Plan providers. With the goal of producing successful patient encounters, MDwise focuses primarily on explaining strategies providers can use when working with patients who exhibit problem behaviors.

Providers also learn about:

 - MDwise *Affordable Care Act* (ACA) payment checks
 - The MDwise web portal
 - Adding a provider to a member's Right Choices Program lock-in list
 - A marketplace versus Medicaid comparison
 - The new *CMS-1500 claim form*
- **Navigating Anthem Medicaid (2 p.m. - 2:45 p.m.):** Join Anthem for a "road trip!" Find out about updates and learn what resources are available to you for navigating Anthem Medicaid.

- **Working with Managed Health Services (MHS) and Cenpatico (3 p.m. - 3:45 p.m.):** MHS presents changes to prior authorization requirements, highlights case management programs, and provides general plan updates. Cenpatico provides information about ACORN (A Collaborative Outcomes Resource Network), a CMS-1500 update, and MyStrength.com (a resource for cognitive behavioral therapy).

Table 3 – Second-Quarter Provider Workshop Dates and Locations

Date	Location	Address
June 3, 2014	Unity Hospital Lafayette, Indiana	Medical Pavilion Conference Room 1345 Unity Place
June 5, 2014	Parkview Hospital Fort Wayne, Indiana	Auditorium 10501 Corporate Drive
June 6, 2014	Virtual Training	HP Virtual Room
June 17, 2014	IU Health Bloomington Bloomington, Indiana	Wegmiller Auditorium 601 W. 2 nd Street
June 19, 2014	Deaconess Hospital Evansville, Indiana	Bernard Schnacke Auditorium 600 Mary Street
June 24, 2014	Eskenazi Hospital Indianapolis, Indiana	Conference Center, First Floor, Rooms 302A & B, 720 Eskenazi Avenue
June 25, 2014	Virtual Training	HP Virtual Room

For more information and to register see the [Second-Quarter IHCP Workshops](#) page at indianamedicaid.com. Be sure to register early, as spaces fill up quickly.
