INDIANA HEALTH COVERAGE PROGRAMS BR201449 DECEMBER 9, 2014

Clarification to dental providers regarding the rendering and reimbursement of dental services

The Indiana Health Coverage Programs (IHCP) is not making any changes to the way dental services under the fee-for-service (FFS) or Hoosier Healthwise programs are delivered or reimbursed. Members, including those enrolled with managed care entities (MCEs), may continue to receive covered dental services from any enrolled dental provider, and claims for services rendered will continue to be reimbursed as fee-for-service (FFS) claims through HP as they are today.

Some confusion has occurred because the Healthy Indiana Plan (HIP) MCEs – Anthem, MDwise, and MHS – have begun contacting dental vendors in advance of the possible approval of the HIP 2.0 waiver application. The MCEs' intent is to begin building MCE provider networks in preparation for an expansion of services if approval is received. All three HIP MCEs have contracted with DentaQuest, a dental benefits manager, to build their respective HIP 2.0 dental networks. DentaQuest has begun reaching out to dental providers regarding contracting opportunities to provide covered services to HIP 2.0 members. Providers are encouraged to contract with these vendors now, in preparation for potential HIP 2.0 approval, to ensure that a sufficient network of dental providers will be available to HIP 2.0 members if approval is granted.

Notice of information regarding coverage, billing, and other program changes related to HIP 2.0 will be provided through official IHCP publications.
