IHCP to mass adjust additional institutional claims to apply Hospital Assessment Fee adjustment factors

The Indiana Health Coverage Programs (IHCP) has identified a claim-processing issue that affects fee-for-service (FFS) institutional claims with dates of service (DOS) on or after April 1, 2017. In error, some claims that should have been mass adjusted to apply the Hospital Assessment Fee (HAF) adjustment factors were inadvertently missed. Providers can reference the HAF adjustment factors that should have been applied to these claims in the following *IHCP Bulletins*:

- For claims with DOS on or after April 1, 2017, and before July 1, 2017, see the adjustment factors in [BT201730](#)
- For claims with DOS on or after July 1, 2017, and before August 1, 2018, see the adjustment factors in [BT201748](#)
- For claims with DOS on or after August 1, 2018, see the adjustment factors in [BT201833](#)

Claims for the DOS indicated, that should have had HAF adjustment factors applied previously, will be mass adjusted. Providers should see the adjusted claims on Remittance Advices (RAs) beginning February 20, 2019, with internal control numbers (ICNs)/Claim IDs that begin with 52 (mass replacement non-check related). For claims that were underpaid, the net difference will be paid and reflected on the RA. If a claim was overpaid, the net difference will appear as an accounts receivable. The accounts receivable will be recouped at 100% from future claims paid to the respective provider number.
