- The Office of Medicaid Policy and Planning (OMPP), the Office of Children's Health Insurance Program (CHIP), and EDS invite all providers to attend the IHCP seminars. EDS, the OMPP, and provider associations have worked together to determine the most critical education and billing issues and the most frequently asked questions from the provider community. Seminar sessions have been developed from these issues. The seminar sessions will be offered at various times during each of the three-day seminars. Throughout the seminars, providers will be able to obtain information about the new Windows-based electronic billing software package, Provider Electronic Solutions. Representatives from Managed Health Services (MHS), Lifemark Corporation, Health Care Excel (HCE), various provider associations, EDS provider consultants, and other EDS staff will also be in attendance. HCFA-1500 billers are encouraged to attend the rendering and billing sessions offered at the seminars in anticipation of future claims payment changes.

While the Indianapolis seminar has just taken place, the year 2000 IHCP seminars are coming soon to Jeffersonville and South Bend, Indiana. **The registration deadline for Jeffersonville has been extended to September 6, 2000.** The dates and locations of the seminars are listed below:
