To All Hoosier Healthwise PrimeStep/PCCM Primary Medical Providers:

- Effective December 2000, the date on which quarterly certification code letters are generated and mailed is scheduled for three weeks prior to the beginning of each new quarter. This process change was implemented to improve distribution during high volume mailing periods.

Under the new schedule, certification codes for the second quarter of 2001 should have been mailed March 6, 2001. However, due to delays, the second quarter 2001 certification codes were not mailed to PMP services locations until March 15, 2001. Please expect the new pressure-sealed form to arrive at this time.

We apologize for any inconvenience this delay has caused. The new mailing schedule will resume with the distribution of the third quarter 2001 certification codes, which are scheduled for mailing June 4, 2001. Please direct any questions to the EDS Customer Assistance Unit at (317) 655-3240 in the Indianapolis local area or 1-800-577-1278.

Accounts receivable established as a result of the mass adjustment have been moved forward six weeks to minimize the impact to providers. EDS will systematically reprocess all affected claims, and providers will not need to reprocess any claims. Please watch future banner articles for information about the reprocess date. Please direct questions to the EDS Customer Assistance Unit at (317) 655-3240 in the Indianapolis local area or 1-800-577-1278.
