IHCP managed care entities adopt provider enrollment and credentialing forms

Starting November 1, 2010, all managed care entities that participate in Hoosier Healthwise (HHW), the Healthy Indiana Plan (HIP), and *Care Select* will begin accepting new provider enrollment and credentialing forms. These forms can be used by Indiana Health Coverage Programs (IHCP) providers that wish to enroll with any managed care entity. The new universal HHW, HIP, and *Care Select* provider enrollment and credentialing forms were created to reduce the need for practitioners to complete multiple enrollment and credentialing forms to participate in multiple IHCP managed care entities (MCEs).

Providers are encouraged to begin using the new forms November 1, 2010. Beginning January 1, 2011, only the new forms will be accepted. The Provider [Enrollment Form](#) and the [Credentialing Form](#) can be found on indianamedicaid.com.
