INDIANA HEALTH COVERAGE PROGRAMS BT201121 MAY 24, 2011

Reduction in reimbursement for nonhospital-based radiology providers

Effective July 1, 2011, the Indiana Health Coverage Programs (IHCP) will reduce reimbursement to nonhospital-based radiology providers by 5 percent for members enrolled in the IHCP. The reduction will continue through June 30, 2013. This rate reduction will be applied at the claim detail level, based on the billing provider specialty. The IHCP-allowed amount for any procedure performed by a freestanding X-ray clinic (provider specialty 290) or mobile X-ray clinic (provider specialty 291) will be reduced by 5 percent for all services provided on or after July 1, 2011. This reduction in the allowed amount will occur prior to subtracting any third-party liability (TPL) for the claim.

These changes will be applied to all Traditional Medicaid, Hoosier Healthwise, and *Care Select* claims, including Medicare crossover claims.

The OMPP appreciates your cooperation and your continued participation as providers in the IHCP.
