Extension for reduction in reimbursement for home health services

As previously published in Indiana Health Coverage Programs (IHCP) provider bulletin [BT201007](#) dated March 9, 2010, an announcement was made for a 5 percent reduction in reimbursement for home health services with “from” dates of service on or after April 1, 2010, through June 30, 2011. This reimbursement reduction will be extended for all claims with dates of services through June 30, 2013. Once the July 1, 2011, standard statewide reimbursement rates are finalized, the current and reduced rates will be posted in a subsequent IHCP provider bulletin and will also be published on the Public Notices page of the state’s rate-setting contractor, [Myers and Stauffer](#) LC, Web site, at [in.mslc.com](#).

Providers can refer to the above IHCP bulletin for further information about the original rate reduction.
