INDIANA HEALTH COVERAGE PROGRAMS BT201330 JUNE 28, 2013

Update regarding reduction in reimbursement for nonhospital-based radiology providers

As previously published in *Indiana Health Coverage Programs (IHCP) Bulletin* [BT201121](#), The IHCP implemented a 5% reduction in reimbursement to nonhospital-based radiology providers effective July 1, 2011, through June 30, 2013. **This reimbursement reduction will be extended to dates of service through December 31, 2013. Effective for dates of service on or after January 1, 2014, reimbursement amounts will return to their pre-reduction levels.**

For dates of service from July 1, 2011, through December 31, 2013, the IHCP will reduce reimbursement to nonhospital-based radiology providers by 5% for members enrolled in the IHCP. This rate reduction will be applied at the claim detail level, based on the billing provider specialty. The IHCP-allowed amount for any procedure performed by a freestanding X-ray clinic (provider specialty 290) or mobile X-ray clinic (provider specialty 291) will be reduced by 5%. This reduction will occur before subtracting any third-party liability (TPL) for the claim.

This change applies to all Traditional Medicaid, Hoosier Healthwise, and *Care Select* claims, including Medicare crossover claims.
