## Update: Home health services reimbursement reductions extended

As previously published in Indiana Health Coverage Programs (IHCP) *Bulletins* [BT201007](#) and [BT201125](#), a 5% reduction in reimbursement was implemented for home health services with “from” dates of service April 1, 2010, through June 30, 2013. **This reduction will be extended for all home health services with “from” dates of service through December 31, 2013. Further, effective for “from” dates of service of January 1, 2014, through June 30, 2015, the IHCP will be implementing a 3% reimbursement reduction for home health services.**

The standard statewide reimbursement rates for State fiscal year (SFY) 2014 are currently being finalized and will be posted in a subsequent IHCP provider bulletin, as well as on the Public Notices page of the website of the state’s rate-setting contractor, [Myers and Stauffer LC](#), at [in.mslc.com](#).

Providers can refer to the aforementioned IHCP bulletins for further information about the original rate reduction.
