INDIANA HEALTH COVERAGE PROGRAMS BT201520 MARCH 31, 2015

IHCP adding coverage for transcatheter aortic valve replacement/implantation service

Effective May 1, 2015, the Indiana Health Coverage Programs (IHCP) will add transcatheter aortic valve replacement/transcatheter aortic valve implantation (TAVR/TAVI) as a covered service. Coverage applies to dates of service (DOS) on or after May 1, 2015. The Current Procedural Terminology (CPT®¹) codes in Table 1 will be covered for all IHCP programs, subject to limitations established for certain benefit packages. The following reimbursement information applies.

Prior Authorization (PA): None required.

Billing Guidance: Standard billing guidelines apply. See [Chapter 8](#) of the *IHCP Provider Manual* for billing procedures.

These changes will be reflected in the next monthly updates to the provider [Fee Schedule](#) at indianamedicaid.com. Reimbursement, PA, and billing

information apply to services delivered under the fee-for-service (FFS) delivery system. Individual managed care entities (MCEs) establish and publish reimbursement, PA, and billing criteria within the risk-based managed care (RBMC) delivery system. Questions about RBMC reimbursement information should be directed to the MCE with which the member is enrolled.

Table 1 – CPT codes covered for TAVR/TAVI for DOS on or after May 1, 2015

CPT code	Description
33361	Transcatheter aortic valve replacement (TAVR/TAVI) with prosthetic valve; percutaneous femoral artery approach
33362	Transcatheter aortic valve replacement (TAVR/TAVI) with prosthetic valve; open femoral artery approach
33363	Transcatheter aortic valve replacement (TAVR/TAVI) with prosthetic valve; open axillary artery approach
33364	Transcatheter aortic valve replacement (TAVR/TAVI) with prosthetic valve; open iliac artery approach
33365	Transcatheter aortic valve replacement (TAVR/TAVI) with prosthetic valve; transaortic approach (eg, median sternotomy, mediastinotomy)
33367	Transcatheter aortic valve replacement (TAVR/TAVI) with prosthetic valve; cardiopulmonary bypass support with percutaneous peripheral arterial and venous cannulation (eg, femoral vessels) (List separately in addition to code for primary procedure)
33368	Transcatheter aortic valve replacement (TAVR/TAVI) with prosthetic valve; cardiopulmonary bypass support with open peripheral arterial and venous cannulation (eg, femoral, iliac, axillary vessels) (List separately in addition to code for primary procedure)
33369	Transcatheter aortic valve replacement (TAVR/TAVI) with prosthetic valve; cardiopulmonary bypass support with central arterial and venous cannulation (eg, aorta, right atrium, pulmonary artery) (List separately in addition to code for primary procedure)
