INDIANA HEALTH COVERAGE PROGRAMS BT201631 JUNE 14, 2016

Home health rates for state fiscal year 2017

Rate freeze

As a result of a review of the home health rate methodology and to ensure continuity and access to services for Indiana Health Coverage Programs (IHCP) members, it has been determined that the rate changes established in *IHCP Bulletin* [BT201625](#) will not be implemented, pending the U.S. Centers for Medicare & Medicaid Services (CMS) approval. The rates will be maintained at the levels established in *IHCP Bulletin* [BT201535](#).

Billing

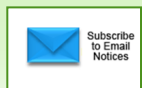

Billing procedures remain the same and can be found in the [Home Health Services](#) provider reference module at indianamedicaid.com. As a reminder, to ensure appropriate reimbursement, Traditional Medicaid home health claims should be submitted online via Web interChange or the 837I electronic transaction, or by using the *UB-04* paper claim form. Web interChange, 837I electronic transactions, and the *UB-04* claim form include fields for reporting overhead amounts and procedure codes applicable to the service provided. Home and Community-Based Services (HCBS) waiver home health claims should be submitted online via Web interChange or the 837P electronic transaction, or by using the *CMS-1500* paper claim form. If you are providing services under both the HCBS waiver and Traditional Medicaid programs, remember to indicate the Legacy Provider Identifier (LPI) on waiver claims and the National Provider Identifier (NPI) on Traditional Medicaid claims.
