INDIANA HEALTH COVERAGE PROGRAMS    BT201649    SEPTEMBER 2, 2016

## IHCP to add dental and vision preventive services to HIP list of preventive services

Effective October 1, 2016, the Indiana Health Coverage Programs (IHCP) will add dental and vision preventive services to the list of Healthy Indiana Plan (HIP) “approved” preventive services for members who have coverage for dental and vision services under the *HIP Plus*, *HIP State Plan – Plus*, and *HIP State Plan – Basic* benefit packages. As with other approved preventive services, this means there will be no cost sharing or copayment obligations for the member receiving preventive dental and vision services. Preventive dental and vision services include the procedure codes in Table 1.

This change applies to dates of service (DOS) on or after October 1, 2016. This change does not impact the coverage of dental and vision services currently included under existing HIP benefit plans, nor does it expand coverage of dental and vision services to members who do not currently have this coverage as part of the *HIP Basic* benefit package.

*Table 1 – HIP dental and vision preventive services procedure codes with no cost sharing or co-payment obligations effective for DOS on or after October 1, 2016*

Dental Procedure Codes	Vision Procedure Codes
D0120	92002
D0150	92004
D0160	92012
D1110	92014
