INDIANA HEALTH COVERAGE PROGRAMS BT202145 JUNE 17, 2021

IHCP clarifies effective dates for telehealth policy updates

The Indiana Health Coverage Programs (IHCP) announced in *IHCP Bulletin BT202142* policy updates associated with [Senate Enrolled Act 3 \(SEA 3\)](#), which codified the ability of the IHCP to provide expanded telehealth services initially granted to the IHCP during the [Governor's Declaration of Public Health Emergency for Coronavirus Disease 2019 Outbreak](#).

The IHCP is clarifying that *SEA 3* was effective immediately upon passage on April 20, 2021. However, to ensure healthcare providers have adequate time to implement these provisions and transition from the changes made during the public health emergency, per [Executive Order 21-13](#), any directives granted via Executive Order [20-05](#), [20-12](#) and [20-13](#) in regard to telehealth, will remain in place through July 10, 2021. **Therefore, the effective date of the requirements in *BT202142* and *SEA 3* is July 11, 2021.**

Effective for dates of service on or after July 11, 2021, providers that can deliver healthcare services via telehealth must be listed as an authorized practitioner in *SEA 3*. Providers not listed as authorized practitioners in *SEA 3* are not permitted to practice telehealth and/or receive IHCP reimbursement for telehealth services, even under the supervision of one of these listed practitioners. For more information on which practitioners are authorized to utilize telehealth services per their scope of licensure, see [BT202142](#) and [SEA 3](#).
