**Subject: Updated and Revised Drug Efficacy Study
Implementation (DESI)/Less Than Effective (LTE) and
Rebating Drug Manufacturers List**

Overview

Accompanying this bulletin are COMPREHENSIVE updated and revised Indiana Medicaid HCFA DESI Drug Listing (Table 1) and Rebating Drug Manufacturers (Table 2) list. Please incorporate these lists into the appropriate sections of the *Indiana Medical Assistance Programs Provider Manual*.

DESI/LTE List

Federal law prohibits payment under the Indiana Medicaid Program for any drug that is considered LTE or identical, related, or similar (IRS) to an LTE drug. Attached is a new comprehensive listing of ALL such items. This DESI/LTE list supersedes the list that was published in *Indiana Medicaid Update E98-08* dated June 5, 1998. Any additions since this list was last published appear in italics. The complete listing should be inserted into your *Indiana Medical Assistance Programs Provider Manual*, and any previously issued listings should be discarded.

Rebating Drug Manufacturers List

The Rebating Drug Manufacturers list contains manufacturers that are specified by the labeler code (MFTR CODE, the first five digits of the National Drug Code), the name of the manufacturer, and the starting and ending (if applicable) dates of participation in the federal rebate program. Any companies that have been added to, deleted from, or

reinstated to the rebate program since the last comprehensive list will appear in italics. Providers should insert this new list into the *Indiana Medical Assistance Programs Provider Manual*.

If you have any questions regarding this bulletin, please contact EDS Provider Assistance at 1-800-577-1278.

Table 1 – Indiana Medicaid HCFA DESI Drug Listing—Effective 10/1/98

| Product Name | NDC | Labeled Strength | Dosage Form | Effective Date |
