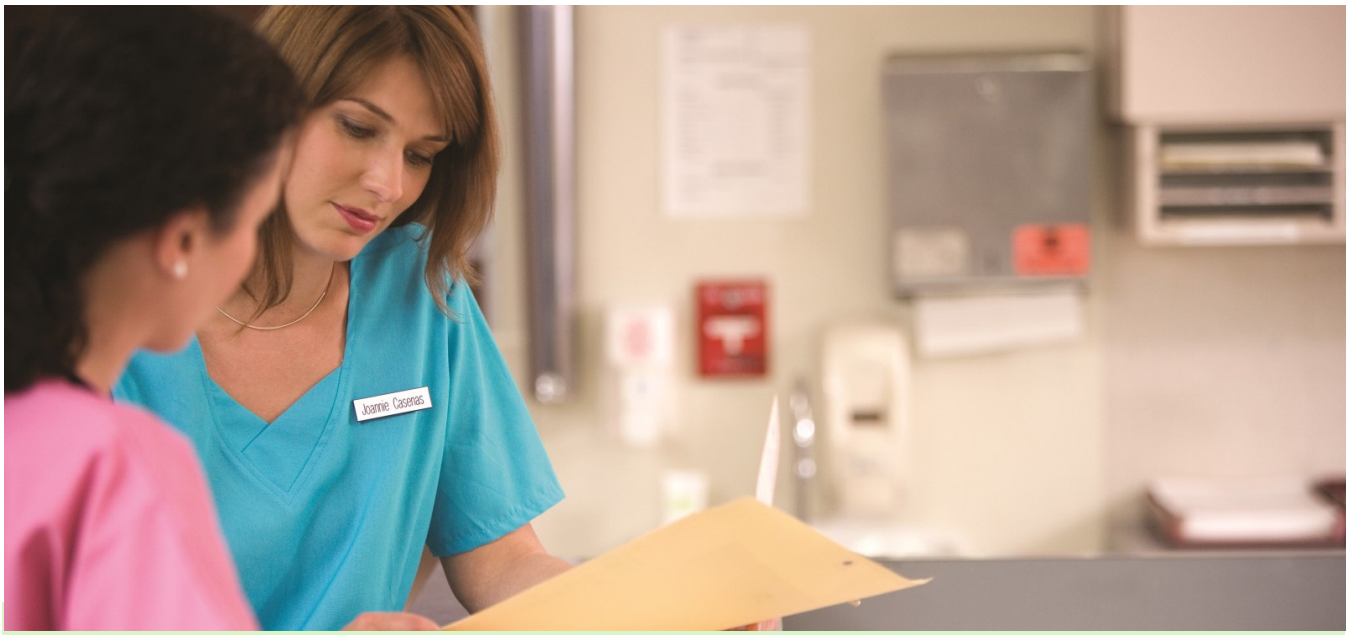
INDIANA HEALTH COVERAGE PROGRAMS NL201207 JULY 2012



ICD-10 update

IHCP links featured on ISMA, IHA websites

Links to the International Classification of Diseases, Tenth Revision (ICD-10), Information page on indianamedicaid.com are now available on the Indiana State Medical Association (ISMA) and the Indiana Hospital Association (IHA) websites. In addition, ISMA and IHA communications include announcements about upcoming ICD-10 readiness surveys of Indiana Health Coverage Programs (IHCP) providers. The next round of surveys is scheduled for August 2012. Look for announcements on these websites and on indianamedicaid.com. It takes only a short time to respond, and we invite all providers to participate.

The IHCP Selects 3M™ APR-DRG for ICD-10

The IHCP has selected the 3M All Patient Refined (APR) Diagnosis-Related Group (DRG) as the grouper for the ICD-10 DRG assignment. The IHCP will move forward with this APR-DRG methodology on the ICD-10 effective date of October 1, 2013. See the News Summary page on indianamedicaid.com for details and watch for more information in future IHCP communications.

ICD-10 Information webpage offers links to ICD-10 resources

This month's featured ICD-10 resource from the ICD-10 information page on indianamedicaid.com is Workgroup for Electronic Data Interchange (WEDI). Among the organization's activities are quarterly ICD-10 surveys, workshops,

INSIDE STORIES

- ICD-10 IN Time Training
- Fill out W-9s correctly
- Hospital Assessment Fee
- EHR reimbursements
- OPR providers
- POA indicator
- Case Mix 101 Workshops
- Third-quarter workshops

and white papers. To access these resources, you must be a member of WEDI or a registered user. Instructions for becoming a member and registered user are available on the Profile page of the WEDI website. WEDI's ICD-10 search feature is available to registered users and members.

ICD-10 Frequently Asked Questions (FAQs) page

Check out the ICD-10 Frequently Asked Questions (FAQs) page on indianamedicaid.com. It offers a new feature – ICD-10 FAQs from Other Sources – that includes ICD-10 FAQs from the following organizations:

- American Health Information Management Association (AHIMA)
- American Medical Association (AMA)
- Centers for Medicare & Medicaid Services (CMS)
- Noblis, Inc.
- World Health Organization (WHO)

ICD-10 Training page

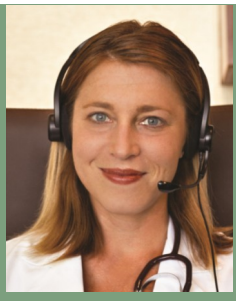
This month's featured section on the ICD-10 Training page is the World Health Organization (WHO):

- World Health Organization (WHO) – This links to the WHO website. A search feature is available for finding ICD-10 information.
- International Classification of Diseases (ICD) – The WHO offers a series of links to materials including training, implementation, ICD adaptations for specialties, and historical information.
- World Health Organization (WHO) ICD-10 Interactive Self-Learning Tool – This web-based tool offers self-directed training for various users of ICD-10 codes.

ICD-10 Questions Mailbox

If you have an ICD-10-related question, submit it to INXIX.ICD10Questions@hp.com.

IN Time Training on indianamedicaid.com

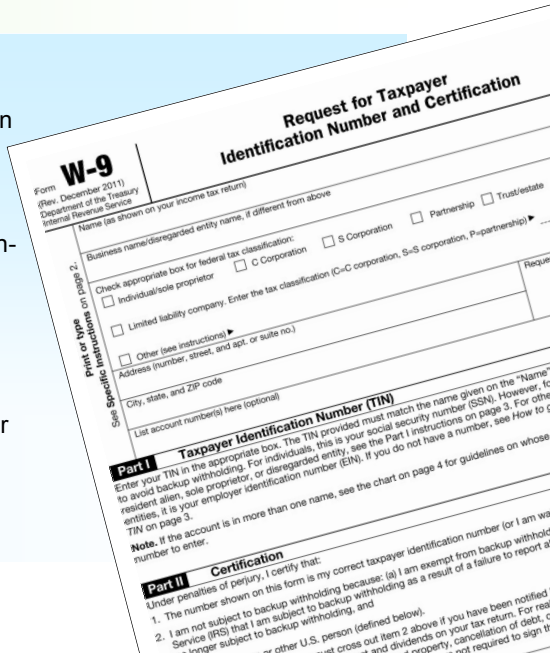


The ICD-10 Training page now includes a section called "IN Time Training." It features educational materials and presentations developed by Indiana Medicaid to help you prepare to code and submit claims on day one of ICD-10 implementation. IN Time Training does not replace the need for in-depth ICD-10 coding and process training, but it will provide you with Indiana Medicaid-specific information. Watch future IHCP communications and indianamedicaid.com for further developments.

Be sure to fill out W-9s correctly

Business information, including Social Security numbers and business tax identification numbers (TINs), must be reported to the Indiana Health Coverage Programs (IHCP) on the Internal Revenue Service's (IRS') Form W-9. Whenever the information on the W-9 – your name, business' name, address, Social Security number, or Employer Identification Number – changes, you need to fill out a new Form W-9. When you submit a W-9, you certify that the TIN you are providing is correct and accurate.

Be sure to fill out your W-9 correctly! Incorrect W-9s can delay your IHCP enrollment and cause problems with tax reporting to the IRS. You can find detailed instructions for filling out the W-9 on the form itself.



Form W-9 (Rev. December 2011) Department of the Treasury Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Name (as shown on your income tax return)

Business name/disregarded entity name, if different from above

Check appropriate box for federal tax classification: Individual/sole proprietor | C Corporation | S Corporation | Partnership | Trust/estate

Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=partnership)

Other (see instructions)

Address (number, street, and apt. or suite no.)

City, state, and ZIP code

List account number(s) here (optional)

Print or type See Specific Instructions on page 2.

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on the "Name" line to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 4.

The OMPP implements a Hospital Assessment Fee

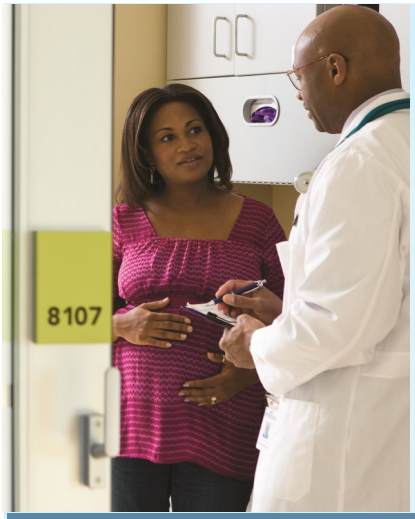
The Indiana Hospital Association (IHA) and the Office of Medicaid Policy and Planning (OMPP) have worked together to develop and implement a hospital assessment fee program, in accordance with *Public Law 229-2011, Section 281*. Under this program, the OMPP will collect an assessment fee from eligible hospitals to be used in part to increase reimbursement to eligible hospitals for services provided in fee-for-service and managed care programs, and as the state share of disproportionate share hospital (DSH) payments. For more information, see BT201217.

Are you getting your share of the EHR reimbursements?

Have you signed up for the Indiana Medicaid Electronic Health Records (EHR) Incentive Program? As of June 20, 2012, Indiana Medicaid providers have received more than $66 million in incentive reimbursements through the EHR incentive program, which provides financial incentives for eligible professionals and hospitals demonstrating meaningful use of certified EHR technology. For more information and to find out whether you're eligible, visit the EHR Incentive Program page at indianamedicaid.com.

The IHCP addresses new requirement for OPR providers

For Medicaid to reimburse for services or medical supplies that require a provider's order, prescription, or referral, the *Affordable Care Act* (ACA) requires that the ordering, prescribing, or referring provider be enrolled in Medicaid. To address this new requirement, and to encourage nonenrolled providers to enroll in the Indiana Health Coverage Programs (IHCP), a new category of enrollment has been created: ordering, prescribing, referring (OPR) provider. For more information, see BT201220 and the ACA Requirements page on indianamedicaid.com. The OPR Provider Enrollment packet is accessible from the Complete an IHCP Provider Packet page.



POA indicator required for all Medicaid-enrolled hospitals effective July 1, 2012

When the Indiana Health Coverage Programs (IHCP) adopted the current Hospital Acquired Conditions (HAC) policy in October 2009 and began requiring hospitals to report present on admission (POA) indicators on their claims, not all hospitals were subject to the requirement – critical access hospitals, long-term acute care hospitals, inpatient psychiatric hospitals, and inpatient rehabilitation hospitals were exempt from the requirement. To more fully comply with the intent of the final rule, the IHCP has expanded its required POA indicator reporting to include all Medicaid-enrolled hospitals, including those previously exempt, effective July 1, 2012. See BT201219 for details.

2012 Case Mix 101 Workshops scheduled for July

2012 Case Mix 101 Workshops, presented jointly by HP and Myers and Stauffer, the rate-setting contractor for Indiana Medicaid, are on the calendar for later this month. This workshop explains the Minimum Data Set (MDS) 3.0 application to the Resource Utilization Group (RUG)-III calculation, as well as coding instructions for the MDS 3.0 RUG-III items only. The updated Supportive Documentation Guidelines and the MDS audit protocol will be reviewed. A basic understanding of the MDS 3.0 is helpful.

Please note: This workshop is a REPEAT session of previous Case Mix 101 Workshops and will not cover prospective payment systems (PPS).

Workshop details

Dates and locations: July 24, Fort Wayne, IN, Indiana Wesleyan University

July 26, Columbus, IN, Clarion Hotel and Conference Center

Cost: $65 per person.

Registration: Begins at 8:30 a.m.

More information: See the Myers and Stauffer website at in.mslc.com.

Watch for information about third-quarter IHCP workshops

Details about on-site and online IHCP provider workshops will be available soon – watch for information in upcoming IHCP publications and on indianamedicaid.com.
