IHCP to reimburse IMD short-term inpatient stays for psychiatric treatment for PE Adult members

Effective May 1, 2019, the Indiana Health Coverage Programs (IHCP) will reimburse institutions for mental disease (IMDs) for short-term inpatient stays for primarily psychiatric stays provided to individuals eligible under the Presumptive Eligibility (PE) Adult aid category. This policy applies for all stays with an admission date on or after May 1, 2019.

As referenced in *IHCP Bulletin* [BT201862](#), all nonpharmacy prior authorization (PA) requests for PE Adult members will be processed by Cooperative Managed Care Services (CMCS). Providers should submit their PA requests using the IHCP Provider Healthcare Portal; 278 electronic transaction; or *IHCP Prior Authorization Request Form* (universal PA form), accessible from the [Forms](#) page at in.gov/medicaid/providers.

This guidance applies only to PE Adult members. Any individual who receives managed care retroactive eligibility coverage should refer to the appropriate managed care entity (MCE) for PA and claim submission information.
